FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the acute care hospital fee guideline for outpatient services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - P12 - Workers' Compensation State Fee Schedule Adj
 - 193 – Original payment decision maintained

Issues

1. What is the applicable rule for determining reimbursement for the disputed services?
2. What is the recommended payment amount for the services in dispute?
3. Is the requestor entitled to additional reimbursement?

Findings

1. This dispute relates to outpatient hospital facility services with reimbursement subject to the provisions of 28 Texas Administrative Code §134.403, which requires that the reimbursement calculation used for establishing the maximum allowable reimbursement (MAR) shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register with the application of minimal modifications as set forth in the rule. Per §134.403(f)(1), the sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 200 percent, unless a facility or surgical implant provider requests separate reimbursement of implantables. Review of the submitted documentation finds that separate reimbursement for implantables is not applicable.
2. Under the Medicare Outpatient Prospective Payment System (OPPS), each billed service is assigned an Ambulatory Payment Classification (APC) based on the procedure code used, the supporting documentation and the other services that appear on the bill. A payment rate is established for each APC. Depending on the services provided, hospitals may be paid for more than one APC per encounter. Payment for ancillary and supportive items and services, including services that are billed without procedure codes, is packaged into payment for the primary service. A full list of APCs is published quarterly in the OPPS final rules which are publicly available through the Centers for Medicare and Medicaid Services (CMS) website. Reimbursement for the disputed services is calculated as follows:

- Procedure code 96374 has a status indicator of S, which denotes a significant procedure, not subject to multiple-procedure discounting, paid under OPPS with separate APC payment. These services are classified under APC 0438, which, per OPPS Addendum A, has a payment rate of \$105.90. This amount multiplied by 60% yields an unadjusted labor-related amount of \$63.54. This amount multiplied by the annual wage index for this facility of 0.9549 yields an adjusted labor-related amount of \$60.67. The non-labor related portion is 40% of the APC rate or \$42.36. The sum of the labor and non-labor related amounts is \$103.03. The cost of these services does not exceed the annual fixed-dollar threshold of \$2,900. The outlier payment amount is \$0. The total Medicare facility specific reimbursement amount for this line is \$103.03. This amount multiplied by 200% yields a MAR of \$206.06.
- Procedure code 99282 has a status indicator of V, which denotes a clinic or emergency department visit paid under OPPS with separate APC payment. These services are classified under APC 0613, which, per OPPS Addendum A, has a payment rate of \$100.91. This amount multiplied by 60% yields an unadjusted labor-related amount of \$60.55. This amount multiplied by the annual wage index for this facility of 0.9549 yields an adjusted labor-related amount of \$57.82. The non-labor related portion is 40% of the APC rate or \$40.36. The sum of the labor and non-labor related amounts is \$98.18. The cost of these services does not exceed the annual fixed-dollar threshold of \$2,900. The outlier payment amount is \$0. The total Medicare facility specific reimbursement amount for this line is \$98.18. This amount multiplied by 200% yields a MAR of \$196.36.
- Procedure code J1885 has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
- Procedure code 93005 has a status indicator of S, which denotes a significant procedure, not subject to multiple-procedure discounting, paid under OPPS with separate APC payment. These services are classified under APC 0099, which, per OPPS Addendum A, has a payment rate of \$27.12. This amount multiplied by 60% yields an unadjusted labor-related amount of \$16.27. This amount multiplied by the annual wage index for this facility of 0.9549 yields an adjusted labor-related amount of \$15.54. The non-labor related portion is 40% of the APC rate or \$10.85. The sum of the labor and non-labor related amounts is \$26.39. The cost of these services does not exceed the annual fixed-dollar threshold of

\$2,900. The outlier payment amount is \$0. The total Medicare facility specific reimbursement amount for this line is \$26.39. This amount multiplied by 200% yields a MAR of \$52.78.

3. The total allowable reimbursement for the services in dispute is \$455.20. This amount less the amount previously paid by the insurance carrier of \$410.75 leaves an amount due to the requestor of \$44.45. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$44.45.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$44.45 plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this Order.
